The Ramanna's well at Doddballapur, for which a watcher on Rs 6 is proposed to be entertained is outside the municipal limits of the town, but the Municipal Board agreed to meet from their own funds a moiety of the pay of such watcher, on the ground that its water is used by all the towns-people.

May the proposal to spend municipal funds for the conservancy of a well outside the municipal limits be sanctioned?

Sir

The water of Ramanna's pond situated close to Dodballapur is largely used by the people of Dodballapur for drinking purposes, and considering the scarcity of water at that place, it was thought necessary to reserve it solely for drinking purposes. To secure the water from being polluted, the District Fund Board resolved to appoint a watcher on Rs 6/- a month the pay being borne by the Municipality of Dodballapur vide copies of the resolutions of the District Fund board meeting of the 14th December 900 and that of the Municipal members dated the 19th January 01 herewith enclosed). Provision has been made for this in the Municipal

I request sanction therefor
Necessary provision will also
be made later on while
